Next Steps – Get Involved!

1
Use QR code or [URL](#) to fill out your Expression of Interest on your Go-To-Market initiative.
Note: This is NOT you committing to participating. It's committing to learn more.

2
Download our FCDs and assets from Partner Central

3
Tag ACE opportunities with Campaign Code: PTNR-GLBL-FY24-MKTG-GC-A4EA-EXT-AL-GenAI AppMod

4
Contact Us @ ww-appmod-spgtm-partners@amazon.com for GTM co-build and co-sell

 We are looking forward to working with you!

Introduction to Marketing

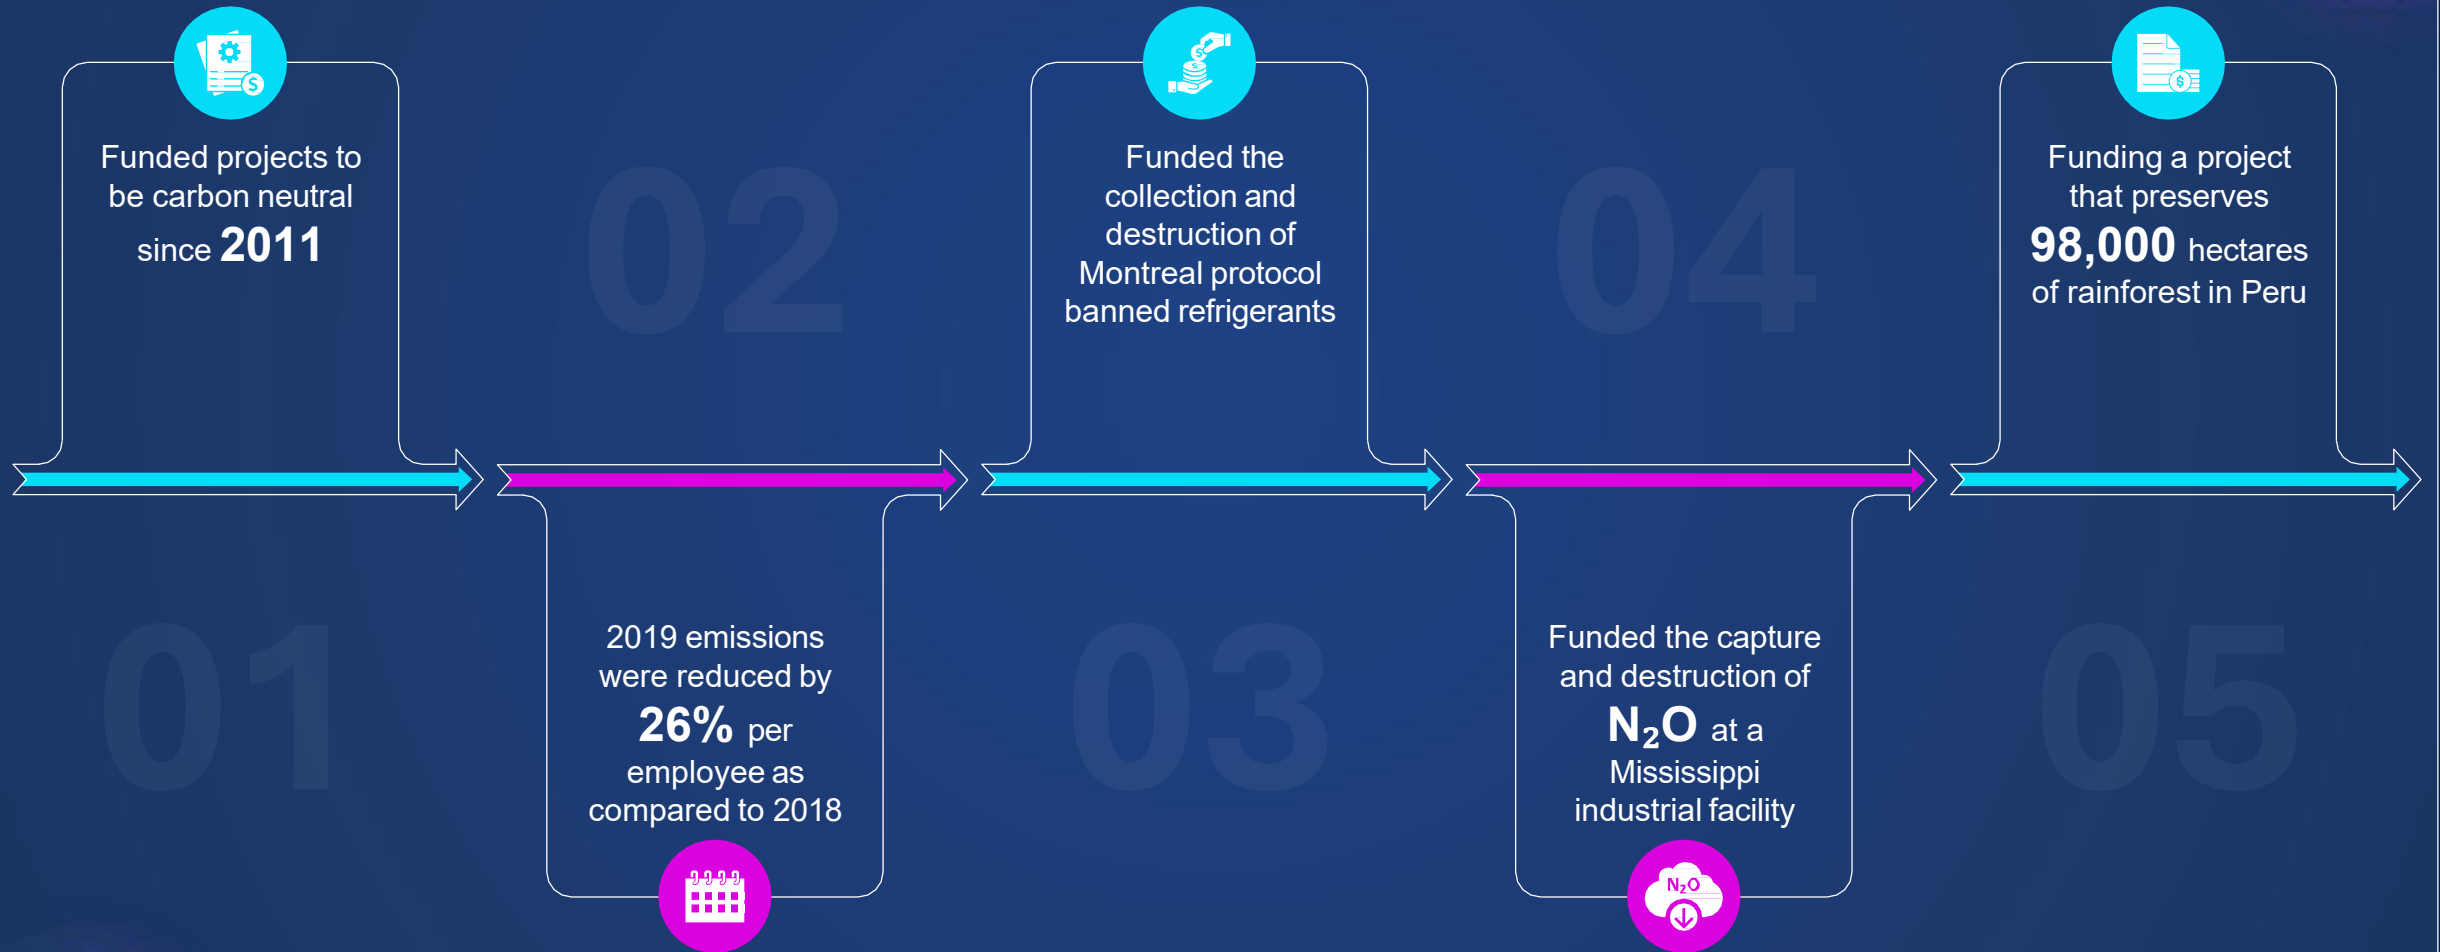

Presented By:

Warhamna

Key facts

This slide covers major facts about the enterprise. It includes information related to project funding to be carbon neutral, reduced emissions, funding the capture and destruction of N₂O, etc.

Client testimonials

This slide covers customer reviews about the company. It includes reviews related to real-time integrated data flows, streamlining data capture process, online spending and dynamically suppressing ad campaigns.

IBM

"With real-time integrated data flows from Segment, we can truly understand what people are doing with our platform."

Nic Sauriol

Software Development Leader

Meredith

"Segment has enabled us to streamline the data capture process while maintaining flexibility to customize per brand as needed."

Grace Preyapongpisan

Vice President, Business Intelligence

Bonobos

"As our business grows, it has become increasingly important to understand how online spend influences offline behavior, which Facebook and Segment have made possible."

Micky Onvural

Co-President

Digital Ocean

"Segment allows us to be more precise with how we dynamically suppress or target users in ad campaigns based on actual product usage."

Sam Coren

Senior Demand Generation Manager
